About

WTO Public Forum 2020 has been cancelled on account of COVID-19 related uncertainties and health concerns. To fill the void left by the cancellation, the newly-formed Geneva Trade Platform will be organizing the **Geneva Trade Week** (GTW) to continue the discussions among leading experts on the economic, legal, and practical challenges facing the international trading system. The GTW is scheduled to be held between 28th September, 2020 and 2nd October, 2020.

In order to benefit from the opportunity presented by the online GTW, the Centre for Trade and Investment Law (CTIL), is organizing a panel discussion on the topic “***The Future of Subsidy Regulation at the WTO***” on **30th September 2020** (Wednesday) from 2:30pm to 4:00pm IST (1100h to 1230h CEST). The topic of the session has been carefully chosen under the broad theme of “Rebooting the WTO” during the Geneva Trade Week. The aim of the panel discussion is to explore the implications of proposals to advance subsidy disciplines which has received increased attention in recent times.
